

The detachable cable is connected to the product at the time of purchase. Use only the included detachable cable designed exclusively for this model.

1) Lower the volume on the device you intend to use, then connect the "Input plug" to the device's headphone jack.
2) Make sure to place each eartip (LEFT/RIGHT) in the correct ear.
3) Turn on your audio device, and adjust volume as necessary.
* Also read instruction manual of your audio device.

The cable on the product is detachable. If there are signs of deterioration, replace the cable (sold separately).
* Do not detach the cable except when replacing it with a new cable.

■How to replace the detachable cable
The connector is very delicate. Only pull or attach in a straight motion to prevent malfunction.
●How to detach the cable
Hold the connector and pull straight out in the direction shown by the arrow.
●How to attach the cable
Plug the left or right connector in as shown in the illustration until it clicks.

* Position the headphones around your ears as shown in the illustration. The cable should fall around the back of your neck.
* To reduce unwanted contact noise from the cable, adjust the cable slider to hit the base of the neck as shown in the illustration.

*Handle the pin with care.
